

The all-new **Golf R-Line 1.4TSI**

Model specification

A futuristic classic

Swift, stylish, and state-of-the-art — that's the all-new, all-digital Golf R-Line. As the 8th generation to wear the venerated Golf badge, this new model marks the next stage in the evolution of an automotive classic. The timeless Golf design is now enhanced with new dynamic styling elements, and packed with features that are anything but standard. Truly, it is a car that manages to be both timeless and ahead of its time.

Unmistakably **Golf**

The all-new Golf R-Line embodies everything a modern hatchback should be, and more. The exterior has evolved to include a leaner front grille and LED headlights for a charismatic, contemporary look, with a sporty front bumper that sits lower to the ground for a more striking appearance.

As for the rear, the all-new Golf R-Line is instantly eye-catching with a powerful shoulder section and sport styling trim such as the dynamic rear indicators, tailgate with integrated roof spoiler, chrome-effect tailpipes, and more.

The modern icon

Nearly 50 years and over 35 million units later, the Golf continues to establish itself as a worldwide icon, taking its place as one of the top three best-selling automobiles of all time. Along the way, it has also picked up numerous awards, including the internationally acclaimed German Car of the Year Award 2021.

Today, the Golf has become the symbol for "hot hatch" automobiles, representing stylish, high-performance hatchbacks. Its timeless design, wide range of driving features, and incredible driving experience are testament to the Golf's ever-growing popularity and longevity.

DAS DEUTSCHE AUTO DES JAHRES

German Car of
the Year 2021

Decorated with the signature R-Line styling, the all-new Golf R-Line showcases a dynamic and athletic personality. The styling trim includes the R-Line front bumper, with air intake screens in high-gloss black, a rear bumper with the R-Line specific diffuser, and R-Line badges on the radiator grille and side panels.

Fun-filled journeys ahead

Equipped with Driving Mode Selection, the all-new Golf R-Line lets you to change driving modes from Eco, Comfort, and Sport. These driving modes provide you the flexibility to opt for different driving settings that can streamline the vehicles energy consumption and give you an unforgettable driving experience.

Comfortably **stylish**

If the exterior excites, the interior is even more inspiring. As soon as the doors are opened, the all-new Golf R-Line's digital displays light up to welcome you. Every function has been made touch sensitive and intuitive, from the 10" Discover Media infotainment system, climate control settings, to the R-styled multi-functional sports steering wheel.

Sit back and **feel the rush**

Form, function and convenience comes together without compromise. Designed for optimal support and comfort, the front sports seats are finished in Sardegna fabric upholstery, and embellished with the iconic R emblem. These, alongside the other exquisite R-Line styling, deliver the perfect combination of pleasure and sportiness in your drive.

The all-new Golf R-Line comes with 3-zone Climatronic air conditioning with automatic air recirculation and allergen filter. Using the climate control and the selectable profiles, each passenger can manage their own individual feel-good temperature settings.

Fit for the modern age

Newly redesigned for the all-new Golf, the Digital Cockpit features a comprehensive list of customisable information including the speedometer, fuel economy, driving range, full-screen navigation, music playlists and much more.

Experience seamless media playback and navigation via Wireless App-Connect® with support for Apple CarPlay and Android Auto. Access selected smartphone apps right from your dash — maps, messaging, music, and more can be pulled up on your touchscreen for easy display and use.

That's not all, the all-new Golf R-Line comes with beautiful ambient lighting that provides 5 preset themes from a selection of 30 colours for you to match whatever mood you're in as you drive.

Drive **with confidence**

Enjoy every journey with peace of mind, as the all-new Golf R-Line is fitted with 6 airbags, an Automatic Post Collision Braking System, Driver Alert system with fatigue detection, anti-theft alarm systems, and advanced Electronic Differential Lock (XDS) linked to a sophisticated Electronic Stability Control (ESC) system.

The structure of all-new Golf R-Line is built with a combination of 5 steel types that increase rigidity and provide optimal safety. At the same time, its structure remains lean and sturdy, so that the overall vehicle is light and carries itself effortlessly. The result? You'll feel a more agile, precise and efficient driving experience.

Volkswagen Cares App

We are committed to care and provide the best for Volkswagen customers. More than just a loyalty program, Volkswagen Cares applies on all levels and embodies how we interact, engage and serve our customers better. Customers may also download the Volkswagen Cares mobile application, an aftersales - led initiative to continuously improve the ownership experience. The mobile app comes with a list of features related to both sales and aftersales, including service offers, owner rewards, educational videos and tips event updates, and 24-hours' roadside assistance - all at the touch of a button.

Volkswagen Care Plus (VCP)

An integral part of Volkswagen Cares is Volkswagen Care Plus (VCP), an exclusive program for owners with a vehicle 5-years and older. With a minimal one-time payment fee, VCP member privileges include three 20% service discounts vouchers, 2-year extension of Volkswagen's Roadside Assistance, and more rewards. Interested customers can sign up at any authorised Volkswagen dealer to make payment before receiving their membership card.

Body & Paint

Safe and strong: Volkswagen Genuine Body Parts give your Volkswagen the necessary stability and offer you the best possible protection in the event of an impact. As we have developed all parts especially for your original, they fit like a glove. The result: You save time and costs in any repair and your Volkswagen remains an original through and through. Best of all, our paint and workmanship comes with 2 years warranty for peace of mind.

24-hour Roadside Assistance

When your Volkswagen has a breakdown, our 24-hour roadside assistance service team is readily available to help you with the following services:

1. Tow assistance and recovery to the nearest Volkswagen service centre.
For security reasons, towing service will not be provided to an unattended vehicle.
2. Emergency telephone call to family or friend of the Volkswagen driver.
3. Battery jump start. If your vehicle cannot be driven safely, towing services will be provided.
4. Flat-tyre change (if spare tyre is available) in a safe environment.
Otherwise, towing service will be provided.
