

RS Q8

A force of nature

Powerful and agile

The RS Q8 combines the power of our RS models, with the elegance of a coupé, and the practicality of an SUV.

Dynamic from end to end

The distinct appearance of the RS silhouette is accented by large air intakes, front spoiler and radiator honeycomb grille.

Perfect damping in every situation

The adaptive air suspension sport with controlled damping allows you to be equally at home, on the racetrack or off-road trail. The RS-specific damper tuning allows a particularly generous spread from comfort-oriented to extremely sporty.

Flexible drive modes to suit the mood

Audi drive select dynamic handling system influences the character of the RS Q8 in eight profiles. Comfort, auto, dynamic, efficiency, all-road, off-road and customisable RS-specific RS1 and RS2 modes that provide agile response and high driving stability.

Stopping power you can rely on

Newly-developed RS ceramic brake system with red callipers, weighs 34 kg lighter than the standard steel brakes for better ride quality. Complemented with air deflector elements, it rapidly dissipates heat to improve stability against fading.

Audi RS Q8

4.0 TFSI quattro

Technical Specifications

Engine	4.0 TFSI 600PS (441kW) 6,000 rpm
Torque	800 Nm 2,200 - 4,500 rpm
Injection method	Direct injection/turbo
Gearbox	8-speed tiptronic
Performance (0-100km/h)	3.8s
Top speed (km/h)	305
Fuel tank capacity	Aprox. 85 litres
Dimension (L x W x H mm)	5,012 x 1,998 x 1,694
Wheelbase (mm)	2,998
Driven wheels	quattro permanent all-wheel drive with sports differential
